

Fresh u-pick and freshly dried

Sustainably home grown herbs

In innovative arrangements, blends and teas

2020 Fall Internships/Volunteering

A volunteer internship is available with Big Sky Herbs, a local sustainable herb grower transitioning with permaculture principles. The half acre of over 100 medicinal tea herbs and 40 culinary herbs is located in the West Missoula Valley. Interns are needed year round to work and expand this small sustainable venture.

Fall Semester would include part or all of the months of August through November where interns would be helping to harvest, winterize, dry, process, and package herbs for Farmers Market and Winter sales, with these learning objectives:

1. Learn to identify over 140 herb plants at maturity here in Missoula, Montana and surrounding area.
2. See how to harvest herbs for drying
3. Learn how to properly bunch and dry herbs naturally.
4. Experience preparing plants to be ready for the winter outside and install permaculture for next season.
5. See how and be a part of getting sustainably home grown herbs from the garden to the table, including:
 - How to store dried herbs for best potency and longevity
 - Making whole and hand crushed herb products using natural methods
 - Packaging, displaying and marketing herb products for retail
 - Working side by side setting up, selling and tearing down market and event booths.

2020 Fall Volunteer Hours

Big Sky Herbs is a local part-time venture around my full-time job with varied hours. Fall is a very busy time of year since the garden is transitioning and products are changing from fresh to freshly dried herbs.

August through November weekly hours for interning and/or volunteering are as follows:

Monday & Friday 6-9 pm:-at the home Crafting Room (preparing for market or orders)

Tuesday, Wednesday & Thursday 9-11 am: -at the home garden (11735 Mallard Ct- Missoula 59808)

Saturday 8 am to 1:30 pm Clark Fork Market booth (every other Saturday till end of October) or at the Missoula Valley Winter Market most Saturdays from 8 am to 2:30 pm starting Nov. 14*

Alternate Saturdays & Sundays Volunteer Learning Sessions-10-1 pm or 2-5 pm

Weekend Sessions are at the home garden outside while weather holds up, inside (crafting etc. after that)**

*We're at the market every other Saturday. You can volunteer to work the whole market hours from setup to teardown or just help during the rush hours 10-12. Arrangements need to be made the Thursday before.

**Since our weather can be turning early, we may start our October Volunteer Learning Sessions early. You can opt for -10 am-1pm or 2-5 pm. Please sign up at <https://big-sky-herbs.square.site/> . I'll contact you the night before for suggested weather related activities. Because of Covid, shorter sessions are warranted.
